Hello Starlight Ranch Residents!

I'm happy to see our life coming back here at the Ranch and in our great state of Florida. Although it is moving slow we do see little changes. With the hot days back there are some residents that were very happy to see one of our pools open. From the information I have received from upper management, the clubhouses will be open per guidelines as approved by the government agencies.

On a different note, you may have noticed some work going on at the entrance to the park. That's going to be the new gated entrance. We know that this change will be a bit tricky to get use to but the benefits that it will provide is way past due. There have been some setbacks on the install due to permits and the logistics, but it has started now that the ground has been broken. As we all know, the biggest problem we have here are all the unauthorized visitors. The new entry will help fix that problem. We will then have the video proof from cameras and the computer records of every vehicle that enters and leaves the park. We will have the proof to show the courts and law enforcement agencies who is not a legal resident. We have rules that no kids or underage people can live here. It's time to clean up the park and get back to what we signed up for: moving into an age appropriate community. This is so important for the safety of our residents. If you see all of the police reports that I see; you know that they are mostly people that are not supposed to be here. If you are old enough but not registered as a resident with management you will be called out also. You are not allowed to rent from homeowners or live here unless you are approved by the management.

Hola Residentes de Starlight Ranch,

Hoy voy a traducir lo que el presidente del HOA escribio, al comienzo de este boletín informativo. Contento que todo esta regresando poco a poco en la florida, y en nuestra comunidad. A pesar de que se esta moviendo lento se puede ver. Con este calor estamos contentos que la piscina esta ya abierta. Pronto tambien las casa club estaran abiertas.

Si han notado en la entrada del ranch estan trabajando para poner el brazo electronico.

Como todos sabemos el problema mas grande es las personas que no estan autorizadas.

Con el entrado nuevo se va a reparar el problema. van a tener la prueba en video con las camaras y los records en la computadora, de todos los vehiculos que entran y se alejan del parque.

Asi se puede legalmente ir a las cortes para forzar las reglas, es tiempo de limpiar el parque y llegar a donde firmamos cuando compramos nuestras propiedad, que es para personas Mayors 55.

Esta es la traduccion que el presidente del HOA escribio en este boletín informativo.

Bueno hasta aqui los dejos.

Hasta la proxima. Que papito Dios me los quide y proteja a todos.

SAM HOUSTON AND THE ALAMO AVENGERS – BRIAN KILMEADE

If you enjoy reading about our history, I highly recommend the latest book by Brian Kilmeade.

This informative and well researched and documented history examines the life and legacy of Sam Houston. It explores the interaction between Houston and U.S. Presidents legislators and General Santa Anna. Discover what really happened at the Battle of the Alamo. Also how Texas became its own country before becoming a state. Dealing with the indigenous peoples and Mexicans who settled in the area becomes a challenge and draws to a successful conclusion.

Having visited The Alamo over 50 years ago, the portion on the mission, gave me a new appreciation for the true picture of the events that unfolded.

I would also recommend another of Mr. Kilmeade's former historical book *Thomas Jefferson and the Tripoli Pirates.*

A woman saw an electrician walking up her drive and rushed to the door. “Why did you come today?” She barked. You were supposed to repair the doorbell yesterday!” “I know,” the electrician replied. “I rang three times. There was no answer, so I thought you must be out.”
