Hello Starlight Ranch residents

By the time most residents read this, the American people will have voted for what the next few years of our life in America will be like. We all know there are two completely different directions across party lines and the way our government will move forward. With that said the results will have some effect on us here at Starlight Ranch. Not only for each resident; but also on the major issue of our next rent increase agreement. Last year I refused to a LTA agreement (long term agreement) that we normally have due to this year being an election year. We all know that that the economy will be based off of how the election turns out and since we had a strong economy last year at this time the upper management used that as grounds for the 4% increase. I told them that could change at the next election and didn't want to be locked into a rate not knowing what the economy may do after election. Well it was only a couple months later that the country's economy shut down due to the virus and we lost most of our benefits of living here. The shutdown of our clubhouses and pools has been very hard on those that enjoy the community and its activities. The other major issue is the out of control unauthorized residents that have used the shutdown to invade our community. The criminal activity and traffic has gotten out of control and in accordance with the rules and regulations we agree to when we move here. That is not supposed to be an issue. Even the use of the gate has been put on hold multiple times due to so many people living here that are not legal residents creating gridlock trying to figure out how to get i.e. set up there to see what was going on with hold ups and it's the non-registered people coming and going, even saw multiple people that would just pull up to gate and wait till someone behind them would use the gate card to get in and then that person would have the gate come down on them and they would have to back up and use the gate key again. Also, they had to change the exit to the front clubhouse parking lot to right hand turn only since there was multiple issues with people getting mail and line jumping almost having crashes getting to the gate before it goes down. We need to stand up for what we are paying for and get our community back to why we moved here. I always tell everyone the greatest gift we have living

here are the great people that live here!! So I hope and pray for everyone to be happy and healthy and hope to see you soon!

Curt

**HOMEOWNERS

**ANNUAL BOARD OF DIRECTORS
ELECTION
NOVEMBER 14TH 2020 - FRONT
CLUBHOUSE 10 AM**

**Attend in person or mail you completed ballot
ASAP**

Hola residentes de Starlight Ranch
Estamos en el año de elecciones. Dios permita que estas elecciones nos venga bien para todos. El presidente del HOA comenta que el rechazo, el año pasado un acuerdo de largo término para la renta de lote, que normalmente tenemos por ser un año de elecciones. Todos sabemos que la economía va basada en como salga. Como el año pasado la economía estaba bien saludable la administración uso como excusa para subir la renta a 4%. Veremos como sale este año. Puede ser que la economía baje y también la renta. (Escuchalo Dios mio.) Bueno este año también so las elecciones del HOA y yo me inscribi para un puesto de directora así que todos ustedes que estén en el HOA voten por mi se necesita alguien que hable español. Las elecciones del HOA sera el Sabado 14 de Noviembre a las 10a.m. Así que espero verlos ahí. Bueno hasta la próxima. Que papa Dios mes los quide. Carmen Lopez 407-952-7736 por favor en texto.

RECIPE OF THE MONTH - Joan Stearns

Yes I'm still reading! I'd like to wish you my favorite side dish. It's complicated, and takes a little while to make – but wait until you taste it.

Happy Thanksgiving to Everyone!

GRATINEE OF CAULIFLOWER

This dish serves 6-8 people

6 TBS (3/4) stick unsalted butter

4 Cloves, garlic, minced

4 oz. thinly sliced Prosciutto cut into strips

Florets of 1 large head of cauliflower cut into 1/4" lengthwise slices

2 TBS unbleached all-purpose flour

Pinch of cayenne pepper

Salt and freshly ground Black Pepper to taste

1-1/2 cups grated Swiss Cheese

Preheat oven to 350 deg.

Melt butter in a large skillet over medium heat

Add the garlic and sauté about 2 minutes

Stir in the Prosciutto and sauté 2 minutes more

Pour the cauliflower into a shallow au gratin dish

Bake until top is lightly brown and bubbly – about 30 min.

THOUGHTS ON RECYCLING

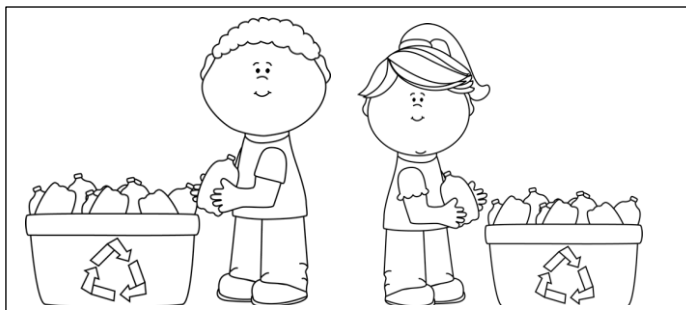

I walk on the sidewalk along Wild Horse in the mornings. On Wednesday....I am proud to live in a community that is so diligent about putting out our recycling bins. I do notice, however, some things that we could do better (ME INCLUDED). I have researched several resources online on "how to do it"... and have learned a few things.

- Pasteboard is the "stuff" that cereal boxes are made out of. One of the things we can do to help the people at the recycling center is break down our cardboard boxes. Undo the glue on the bottom as well as the top and flatten them. They stack better in the bin and make it faster to recycle at the end of their journey. This also includes cake mix boxes and other boxes that contain food, but the food is safely contained in the plastic/wax bag inside and never touches the pasteboard.
- Cardboard is what we make large packing boxes from. You will know these because they are "corrugated". They have the "wiggly stuff" between the layers of brown paper. These should also be broken down and will fit very nicely in you bin if you do this.
- Pizza boxes after being used for yummy pizza are a "NO"... grease and cheese are soaked into the bottom of the box and cannot be recycled. Make you want to lick the bottom of the box.
- For some unknown reason most bottle lids are not recyclable. I have never found a reason listed. Some are stamped with a number (usually 5). These are good. The others are not. Save a minute or two at the journeys end by taking the ones that are not recyclable the bottle before you put it in your bin. This includes most water bottles.
- Guess what? They really don't care if you soak the labels off of your glass recyclables. They are going to soak them to sanitize them at their end whether you do or not. Save yourself a few minutes, and precious water, and just wash the jar/bottle out. So don't bother with the label.

Watch for more tips as I find them.

Happy Recycling

Ruthie Henley

An old lady offers the bus driver some peanuts...so the driver happily munches them.

Every five minutes she gives him another handful of peanuts

Driver: Why don't you eat the peanuts yourself?

Old Lady: I can't chew. Look, I have no teeth.

Driver: Then why do you buy them?

Old Lady: Oh, I just suck the chocolate off of them.

Bob forgot his wedding anniversary. He wife was mad. She told him "Tomorrow morning I expect to find a gift in

The driveway that goes from 0 to 200 in 6 seconds AND IT BETTER BE THERE"

The next morning when his wife woke up, she looked out the window to find gift wrapped box in the middle of the driveway. She opened it and found a brand new bathroom scale. Bob has been missing since Friday.

Being negative only make a difficult journey more difficult. You may be given a cactus, but you don't have to sit on it.

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

*Wishing you good health and safety,
The Florida Anchor & Barrier Team*

Are Your Tie Downs Tight?

- Hurricane Anchors • Tie Downs
- Leveling • Blocking • Carport Tie Downs
- Stabilizing Devices • Roof-Over Strapping

- Replace Rusted Anchors • Add Anchors
- Longitudinal Stabilizing • Retro-fit to Current State Standards

If your home moves even a few inches during a storm your home will suffer severe damage. Loose tie downs do not protect your home, they must be tightened every 3 to 5 years. Have your tie-downs inspected NOW, before the storms!
