MESSAGE FROM THE PRESIDENT

Hello Starlight Residents! It's been a very good year. We got a lot accomplished even though it was difficult times, including Covid shots to good giveaways. I believe 2022 will be even better with booster shots and a mobile Dermatologist coming.

Now with that being said, we know we still have a lot of issues. We have been dealing with the gate and illegal residents issues and although it takes time, we will keep pressing forward.

Lastly, we still need your help, PLEASE join the HOA! I would like to have a Spanish Townhall meeting to listen to your issues and see how we can help in 2022.

Thank you,
James Irvine – HOA Board President

RESIDENT EDITORIAL

DO YOU KNOW WHO LIVES NEXT DOOR TO YOU?

Hello Everyone. I hope you had a nice Christmas and a Happy New Year. The Christmas decorations DID NOT disappoint. They were amazing.

It would seem that the management of Starlight Ranch doesn't know who lives here either. The latest Attachment C notice we received last month, that is telling residents to truthfully tell them who lives in their house (lots of luck with that) or face eviction. All they really need to do is drive through or walk the streets like I do, and you can see which houses have multiple families, boarders, children etc. these houses, have many cars and motorcycles. They are driving over the grass to get around cars parked in the aprons. I am still seeing cars driving between houses so they can park or hide behind the houses they are living in illegally. Management neglects to enforce all the rules, these infractions would usually get your car towed: 1) blocking sidewalks, 2) driving and parking on the grass, even one tire, 3) parking on the street after sunset, 4) expired or no registration, 5) no more than 2 vehicles per household, 5) no parking on any aprons, (NOW nobody does that). Residents are digging up grass and dumping stone there so they can park extra cars there, some of them extending into the street, The main reason for this rule is because there are pipes under that grass and they are old. They are way overdue to be replaced.

The latest on the gate fiasco. It's still being hit and nonexistent for weeks on end. Are those cameras they installed real? The latest plans are to remove the beautiful island that greets us and separates the in and out road. They want to replace it with two entry lanes, one for residents and one for guests, emergency vehicles and so on. No one knows when this will happen. It could take years. So don't hold your breath. In the meantime we still have a big problem. The answer is to this problem is a guard shack and guard 24/7, he could monitor who gets in and control the flow much faster. Management could expedite that quickly, if they wanted to.

I wish the new editor and board members well. I hope the changing of the guard is a good thing. We have issues and problems here. We have to work together and hope that management does their part. Till next time.

Peace and Love/Barry Verenini
