Hello Starlight Ranch Residents,

From the way our weather has been lately it looks like we have skip past spring this year and went from winter right over to summer. Trust me though I am not at all complaining due to when the morning news shows the snow and cold up north it reminds of why so many of us have moved to the sunshine state to enjoy the endless summer. The great thing is there is a nice swimming pool in our community to enjoy and I know a lot of the residents are really looking forward to the 2nd Clubhouse and pool to open back up along with getting our community connected back together with a new bridge. There has been activity at both locations so we are all hopeful of getting these issues in our community fixed to enjoy again. At our last meeting with management, we did get some information on the second Clubhouse, and it sounds like it will be redone and hopefully upgrades will make it a little nicer than before the storm that caused the issues that shut it down.

On the subject of unauthorized residents and children living in the park I can tell you that one of the biggest problems is if that the residents that are breaking these rules is sent letter or called in most cases they are lying to management and then it becomes a matter of proof. I know we see the school bus's dropping off children and there are people living here that think it's ok to just make up stories and lie, to me that's the same as being a thief since they are stealing the lifestyle that the legit residents pay and signed a contract to have. As we hear on the news daily if you see something wrong say something about it. As time goes by there is more and more of this happening and in most cases those unauthorized residents are involved in the crime and problems we are dealing with in our community. Management is trying to help us and there has been multiple people removed but there is always the problem with the lying and stealing our happiness. The best way to fix it is to know your neighbors and say something if you know what is going on is wrong.

Be Happy and Blessed  
Curt
